The Ice People - Kindle edition by Gee, Maggie. Literature ...

The Ice People is a 1998 science fiction novel by British writer Maggie Gee, set in a future world dominated by a new ice age. The novel examines different elements of contemporary society: the fundamental roles and relationships of men and women, sexuality, politics and the issue of global warming. Global warming is the initial context, where increases in temperature are then followed by the cyclic appearance of an ice age. The reaction of society and individuals to these dramatic extremes site

[Wikipedia] The Ice People

The Ice People works persuasively as science fiction, and is truthful about our emotional lives. Nicolette Jones, The Independent Infused with poetic intensity ... this is a gripping fictional realisation of what we fear: the death of civilisation. Maggie Gee achieves her apocalyptic vision without the clank of hardware and intergalactic wars.

The Ice People: Amazon.co.uk: Maggie Gee: 9781846590382: Books

Maggie Gee is a great storyteller. She captures your attention almost immediately and carries you through the book effortlessly. I expected a book called "The Ice People" and featuring a world first overly hot, then overly cold, to be about climate change, and although that is there as backdrop, this book is really about gender relations.
